

Cascade Timber Consulting, Inc. is looking for motivated, hard-working forestry students to intern with us for Summer 2022! If this is you, keep reading! Cascade Timber Consulting is located in Sweet Home, Oregon, a 45 minute drive from Oregon State University.

The primary duty of this internship is timber cruising, with opportunities to work on timber sale layout, surveying, and engineering projects as the summer progresses. Candidates must be willing and able to work outside daily, in all weather and on steep terrain.

No prior timber cruising experience required – training is provided. Candidates can expect that check cruising and constructive feedback on cruising performance will be provided at frequent intervals to help YOU be a more successful, accurate cruiser.

First aid and basic fire suppression training will also be provided.

Our ideal candidate is hard working, responsible, detail-oriented, and enjoys working as part of a team as well as on their own.

Hourly rate: \$18

Qualifications:

- Pursuing a Bachelor's degree in Forestry, Forest Engineering, or Natural Resources
- Valid driver's license and ability to safely drive a 4WD vehicle on forest roads and highways
- Ability to work in all weather types and on steep terrain
- Positive, hardworking attitude
- Ability to work as part of a team and independently
- Basic identification of Pacific Northwest hardwoods and conifers

Primary Duties:

- Timber cruising (75%)
- Timber sale layout (15%)
- Fire suppression/initial attack, if necessary (<10%)
- Other duties as assigned (<10%)

To apply, please email your resume to Lindsay Golly (lgolly@cascadetimber.com) or Gracie Stutzman (gstutzman@cascadetimber.com) by November 17, 2021.
